Installation Notes:

Installation includes equipment, Ethernet cable (100 feet maximum), and service activation. Service activation includes configuration of San Diego Broadband/MyServer.org provisioning equipment and testing customer Ethernet handoff. If customer requires any additional equipment or service (including but not limited to longer cable runs, router/firewall configuration, anti virus software, or other desktop support issues) there will be additional charges. These additional services/charges will be discussed with customer in advance and must be approved in writing.

San Diego Broadband/MyServer.org wireless broadband service requires clear line of sight. Please consider this when landscaping or building on your property.

30 Day "No Questions Asked" Guarantee:

Customers may cancel their service during the first 30 days after the installation if they are dissatisfied for any reason. If customer wishes to cancel the service during this period, San Diego Broadband/MyServer.org will remove the on-site equipment, refund any installation charge, and no future charges will apply. Cancellation requests must be made in writing and received by San Diego Broadband/MyServer.org during first 30 days of service.

Installation Charge, Billing:

A one time \$100 installation charge plus any additional equipment charges are due at the completion of installation. Thirty days after installation, payment is due for the first and second months of service, (and for any unpaid installation charges, if applicable). Subsequent billings occur every thirty days thereafter. Customer may choose paper or email billing. Payments may be made by check, by Paypal to paypal@MyServer.org, credit card on file, or directly by credit card on the www.Myserver.org web site. Balance due will be subject to a service charge if not paid within thirty days.

Cancellation:

Cancellation requests must be made in writing to the address below. Cancellation requests made prior to the end of the no-questions-asked cancellation period will result in no charges. Cancellation requests received after this period, for customers inside the service commitment period will result in a cancellation charge of \$100. In the event of cancellation, customer must arrange for return of the on-site equipment. Failure to return equipment will result in an equipment charge of \$250.
